

## **PRESS RELEASE**

### **All Seasons Hire Provide Portable Chillers to Large Food Production Plant**

Over the summer months a large food production company needed to provide extra Air Conditioning duty for its processes with summertime ambient temperatures predicted to reach up to 30°C. Air Conditioning was needed to maintain temperatures between 10-15°C within the production area. All Seasons Hire were able to carry out a site visit, to determine the correct Chiller equipment and installation method, deliver and install a 160Kw Chiller with four 50Kw Air Handling Units within 24 hours providing enough Air Conditioning duty to maintain the desired temperature even when high ambient temperatures are reached.

All Seasons Hire has a wide range of Portable Chillers ranging from 10kW to 550kW. The mix of Chillers available for Hire gives All Seasons Hire the flexibility to provide Temporary and Fixed Cooling Solutions of all types including Portable Air Conditioning, Portable Process Cooling, Low Temperature Applications. The company also supplies Portable Boilers ranging from 22kW three phase electric to 550kW Oil Fired or Natural Gas fired

All seasons Hire provides Air Conditioning, Portable Chillers, Portable Boilers, Commercial Refrigeration and Heating Solutions for all types of business environments including small medium and large Events and Exhibitions, Server Room Air Conditioning, Disaster Recovery and any environment requiring Temporary Air Conditioning, Heating or Drying
