

## **PRESS RELEASE**

### **All Seasons Hire Provide Air Conditioning to Wedding Reception**

All Seasons Hire recently supplied Portable Air Conditioning units for a Wedding reception at the Tudor Merchants Hall in Southampton. This 15th century timber framed building was restored in 1974, and has since been available for public Hire as a venue for meetings, lectures, concerts, conferences, wedding receptions and private functions. The requirement for Air Conditioning arose only days before the reception because of the sudden increase in temperature. All Seasons Hire was happy to provide two Coolair 15 Exhaust Tube Air Conditioners at short notice, arranging for the Portable Air Conditioning units to be delivered to the venue at a convenient time for the customer. The Coolair 15 Air Conditioning units were selected because of their inbuilt condensate water reservoir, this meant that there were no extra hoses that the guests could trip over.

All Seasons Hire has a wide range of Portable Chillers ranging from 10kW to 550kW. The mix of Chillers available for Hire gives All Seasons Hire the flexibility to provide Temporary and Fixed Cooling Solutions of all types including Portable Air Conditioning, Portable Process Cooling, Low Temperature Applications. The company also supplies Portable Boilers ranging from 22kW three phase electric to 550kW Oil Fired or Natural Gas fired

All seasons Hire provides Air Conditioning, Portable Chillers, Portable Boilers, Commercial Refrigeration and Heating Solutions for all types of business environments including small medium and large Events and Exhibitions, Server Room Air Conditioning, Disaster Recovery and any environment requiring Temporary Air Conditioning, Heating or Drying
