

PRESS RELEASE

Boiler Hire to Leisure Centre in Latvia

All Seasons Hire have sorted out the heating problems of a leisure centre based in Latvia.

When a leisure centre called All Seasons Hire enquiring about Renting a Boiler Unit on a long term Hire All Seasons was happy to help. The leisure centre needed a Boiler to provide Heating throughout the building and also to Heat up the swimming pool water. Upon closer inspection it was discovered that the leisure centre was located in Latvia, however this was no problem for All Seasons Hire and shipment of the Boiler from the UK was offered. The Boiler selected for the application was a 250KW unit which was shipped from the UK to the site in Latvia, where it was met by an experienced Boiler engineer. The Boiler engineer was then on site to perform the installation and commissioning of the Heating System.

All Seasons Hire Portable Boilers can be moved from site to site and connection to existing heating and hot water systems; the Portable Boilers can also be used in conjunction with Air Handling units for heating and drying projects. Connections are made simple by using high quality flexible hoses. All Seasons Hire can also supply fully Bunded Portable Fuel Tanks ensuring that the Boilers are always available throughout the length of the project.

All Seasons Hire can provide Portable Boilers from 100kW to 550kW; the Boilers are available in Mobile, easy to tow format or Containerised. Fuel types are also variable with Oil and Natural Gas Burners. Smaller 22kW three phase Electrical Portable Boilers are also available, which are perfect for under floor heating projects.

All seasons Hire provides Air Conditioning, Portable Chillers, Portable Boilers, Commercial Refrigeration and Heating Solutions for all types of business environments including small medium and large Events and Exhibitions, Server Room Air Conditioning, Disaster Recovery and any environment requiring Temporary Air Conditioning, Heating or Drying
