

PRESS RELEASE

Heating Provided for Evening Event All Seasons Hire warm up party goers

With the summer months coming to a close people planning private evening Events outdoors are looking to take the chill off after dark. All Seasons Hire recently supplied several Electric Fan Heaters to heat up a Marquee for an evening party. These Fan Heaters were perfect for this application as they provide 3Kw of Heating power from a standard 13amp household plug. For many parties based in a Marquee it is best to use Electric Heating as Gas and Diesel create safety problems in the form of dangerous fumes and the possibility of things accidentally catching fire.

All Seasons Hire provide a wide range of Heating and Air conditioning Hire solutions including Indirect and Direct Heating, Portable Boiler rooms ranging from 100kW to 550kW, portable Air Conditioning and Portable Chillers ranging room 20kW to 500kW. For full detail of other services and products available from All Seasons Hire go to www.allseasonshire.eu or for a discussion about future projects call us on 0800 082 8001
