

## PRESS RELEASE

### Portable Air Conditioning Supplied to Feature Film Set

When the actors were getting over heated during filming for a feature film All Seasons Hire were called in to provide Temporary Air Conditioning. The Portable Air Conditioners selected for the application were Coolbreeze 35e Exhaust Tube Units. These powerful Portable Units can provide 10.25kw of Cooling Duty from a single phase 13amp plug. This robust Air Conditioning Unit could easily overcome the extra heat created by the filming equipment. The Air con units were needed to Air Condition specific buildings where filming was to take place, with the spot lights were creating large amounts of heat. Three of the Coolbreeze 35e Portable Air Con units were supplied which could then easily be wheeled into the places where they were needed.

All Seasons Hire prides itself for reacting fast, delivering the best and most efficient Portable Air Conditioning and Heating Solutions for all types of business environment.

All seasons Hire provides Air Conditioning, Portable Chillers, Portable Boilers, Commercial Refrigeration and Heating Solutions for all types of business environments including small medium and large Events and Exhibitions, Server Room Air Conditioning, Disaster Recovery and any environment requiring Temporary Air Conditioning, Heating or Drying
