

PRESS RELEASE

All Seasons Hire Expands Hire Fleet.

All Seasons Hire is continuing to expand their hire fleet. The latest introduction to their already extensive fleet is a new range of Portable Chillers and Mobile Boilers. Included in the latest arrivals is an extensive range of Chillers and Air Handling units. The first phase of the new Chiller hire fleet includes ten 50kW, ten 100kW, four 160kW, three 300kW and two 500kW Chillers. The Chillers are produced by top European manufacturers including Trane. Air handling units vary from 20kw to 100kw and are designed to be used in conjunction with the chiller fleet, making them suitable for all types of environments including server rooms, large warehouses and manufacturing facilities, events, schools, hospitals, offices, shops and all commercial and industrial air conditioning applications. The Chillers are also ideal for process applications with low temperature performance available on the larger models. Commercial Director Andrew Hamilton stated "we are intending to continue with the growth of our existing Hire Fleet with an emphasis on specialist products which will include large Portable Chillers up to 1mW. Our range will be wide and varied allowing us to Hire Chillers ranging from 50kW to 1mW".
