

**ALL SEASONS
HIRE**

PRESS RELEASE

That's the way to Heat Things up!

All Seasons Hire was recently called on to install a massive 3,600,000kW of Portable Heating for a large exhibition marquee. The large marquee needed to be heated during several exhibitions held in Hampshire throughout the whole of February.

All Seasons Hire installed multiple high output Indirect Oil Fired Heaters all with independent fully bunded 1000 litre Diesel Oil tanks. Commercial Director Andy Hamilton stated, "This job is typical of the type of Portable Heating job that we get involved in. Our Heater Hire Fleet is new and therefore fuel efficient; we regularly install large Portable Indirect Fired Heaters for Events including Exhibitions and Sports Arenas; we also provide Portable Heating Hire for Building Site work, Manufacturing Facilities, Warehouses and many other different environments that require short term emergency or planned Portable Heating.

For full detail of other services and products available from All Seasons Hire go to www.allseasonshire.com or for a discussion about current or future projects call us on 0800 082 8001
